

**North Dorset Locality  
Your Health, Your Say**

What do you think of our plans? Please could you take some time to respond to the following questions:

What do you consider should be the top two priorities for improving the health for people living in the North Dorset Locality?	
What three things would help you most to improve or maintain your own health?	
Please tell us about the one thing that you think NHS Dorset does well to help you or the people of North Dorset Locality look after their health.	
Please tell us about one thing that you think NHS Dorset could do better to help you or the people of North Dorset Locality look after your health.	
If you could have one wish for the North Dorset Locality three year health plan what would it be?	

**Please return this and any additional comments you may have to:**
