

Friends and Family Test

Thank you to all of you who took the time to feedback on your experience at Stalbridge Surgery. Here is what you said:

Your feedback is very important to us and enables us to ensure that patients are satisfied with the service you receive and that we are constantly able to deal quickly with any issues you may have with us.

If you would like to feedback to us using this site, please use the following link:

<http://stalbridgesurgery.co.uk/rate>. You can complete this after any/every encounter with the surgery, whether face to face or by phone. Ask at our reception desk if you would prefer to complete a manual form while you are in the surgery and post in our post box provided.

These are some of the comments that you left for us:

- A very well organised surgery. Always able to get an appointment at short notice
- Excellent service, appointments at short notice, first class, friendly and very helpful
- We have always received excellent care
- If the rest of the NHS worked as efficiently and cared about what it does as much as Stalbridge Surgery there would be nothing for the newspapers to write about
- No complaints whatsoever
- Friendly knowledgeable staff, always ready to help. Dr Clayton always helpful with me and professional in every way
- Generally easy to get appointment. No fuss service
- Always a pleasure
